

CHEMICAL DISCLOSURE AND ACKNOWLEDGEMENT

“State law requires that you be given the following information:

CAUTION - PESTICIDES ARE TOXIC CHEMICALS, Structural Pest Control Operators are licensed and regulated by the Structural Pest Control Board, and apply pesticides which are registered and approved for use by the California Department of Pesticide Regulation and the United State Environmental Protection Agency. Registration is granted when the state finds that based on existing scientific evidence there are no appreciable risks if proper use conditions are followed or that the risks are outweighed by the benefits. The degree of risk depends upon the degree of exposure, so exposure should be minimized.”If within 24 hours following application you experience symptoms similar to common seasonal illness comparable to the flu, contact your physician or poison control center (800) 876-4766 and your pest control operator immediately. For further information, contact any of the following: Your Pest Control Operator Fume-a-Pest (818) 757-4555, for health questions, the county Health Department: for application information, the County Agricultural Commissioner; and for regulatory information, the Structural Pest Control Board, 2005 Evergreen St. #1500, Sacramento, CA 95815, telephone (800) 737-8188.

FREQUENCY OF SERVICE:

Pest Control Maintenance (including ants, roaches, spiders, silverfish, earwigs and crickets) is performed on the exterior and/or common areas of this property once per month. Interior spaces are treated as needed. Additional services (fleas, bed bugs, rodents, termites...) may be provided upon request from the owner and/or authorized agent. The approximate date, time, and frequency of this pesticide application is subject to change.
